

Government decided it should stand over. About one mile of metalling was done on the Bya road, and the Committee intend to extend it to Nowhatta, about 10 miles out of Beauleah.

*Rungpore.*—The chief work was the completion of the Alaikoree bridge and diversion, which has been so long in hand. The earthwork of the feeder road from Domer railway station to Ghoramara on the east, and to Chellai on the west, was finished, and materials collected for timber bridges. Some old drain cut bridges were altered, and one new masonry bridge of 30 feet span, at Dalputti, over the same drainage cut, was completed. On the roads leading from Rungpore to Julpigoree and Cooch Behar several timber bridges were commenced, and the metalling of the Tajhat road was completed.

*Bogra.*—The Sultanpore feeder road on the west of the railway was raised and bridged, and one iron lattice girder bridge of 40 feet span, with masonry abutments and wings, was erected, as also a web girder bridge, aggregating 100 feet of waterway with masonry abutments, piers, and wings. Between Adamdighi and Bogra several masonry culverts were built.

*Pubna.*—Rs. 31,531 were spent on original works, chiefly on the feeder road from Pubna to Sara; but owing to the district having been without an Engineer for some months, the progress of original works has been greatly retarded. No less than Rs. 7,140 were spent in compensation for land taken up for feeder and other roads.

*Julpigoree.*—The chief work was the construction of an iron screw bridge, with web girders of six spans of 30 feet each over the Kurla river, which was opened for traffic before the last rains set in. Much attention was given to the construction of the Phoolbaria ghat road, but owing to the unhealthiness of the sal jungles through which it passes, the coolies would not remain on the works, and the earthwork was incomplete at the close of the year. The timber bridges of various spans were nearly all constructed during the year. Several substantial timber bridges were erected on the Boda, Debugunge, and Chellai road.

*Darjeeling.*—Four permanent bridges and five cane bridges were completed during the year. The most important was a stone and wooden one over the Balasone with a span of 80 feet.

11. I am glad to be able to say that prompt attention is now being much more generally given to the repairs of roads directly the rains are over, and by the end of November many of the roads in this

division had been put into passable or driveable condition. I have worked to this end for several years, and the attention given to the matter by the Committees and their establishments is beginning to tell. In two districts the Engineers were not inclined to take the trouble of looking to even surface repairs on a number of roads in different directions, and there are still many roads not adequately treated; but this is in many instances more owing to a want of funds than to any other cause, as nearly every district has more roads on its list than the Committee can ever hope to maintain in as an efficient a manner as is desirable. In Dinaigapore, with nearly 1,200 miles of road, and Rungpore with 1,300, the greater part of them requiring heavy earthwork to bring them up to a proper height and level, the Committee are obliged to content themselves with only thoroughly doing a few miles of road each year, and merely surface dressing the rest. In Darjeeling 13 hill roads were repaired and maintained during the year, and a good deal has been done to the principal Terai roads.

12. The total outlay in original works, repairs, and village roads, taken as a whole, has been satisfactory, considering the limited funds at the disposal of the Committees. The balances in hand were in

some cases rather large, but there were reasons for that in the shape of works in contemplation when projects should be sanctioned or grants-in-aid obtained or in the shape of other works in hand requiring the attention of the road establishment.

13. The appointment of a Divisional Superintendent of District Road Cess Works has continued to bear excellent fruits during the year. Bad work has been detected on inspection and stopped in time, waste of money in building bridges that would not have answered has been prevented, attention has been called to urgent needs, projects have been promptly dealt with and sanctioned or amended, or where badly and carelessly prepared promptly returned with a note shewing where they were wrong. The appointment has resulted in real economy of the cess payer's money in various ways, and only bad or careless or lazy District Engineers are impatient of a check and control that makes them work properly. As regards Mr. Heyman personally he continues to give continued close personal attention to his duties and to render me efficient assistance in office business connected with the road department.

**S**EALED tenders in the form used in the Commissariat Department (blank forms whereof can be had on application at the Commissariat Office, Madras) will be received by the Executive Commissariat Officer at Madras until 1 o'clock P.M. on the 17th August 1882, and opened by him at the same time and place in presence of those interested, for the supply, by contract, of 149,453lb of either Indian or China black tea (the price of each description to be separately stated) to be delivered at the Commissariat Stores at Madras to the Commissariat Storekeeper-General on or before the 30th day of April 1883 free of all charges whatsoever. No payment will be made on account of such supply prior to the 30th April 1883.

2. Each tender must be accompanied by a receipt from the Secretary, Bank of Madras, acknowledging the payment of a deposit of Rs. (4,000) four thousand, or be accompanied by Government Promissory Notes to the same amount duly endorsed over to the Executive Commissariat Officer, Madras, and in default of both of such deposits the tender will be rejected. Tenders to be sealed and superscribed "Tender for Tea."

3. The deposit of the successful competitor will be retained until he lodges with the Executive Commissariat officer at Madras the sum of Rs. (16,000) sixteen thousand, either in cash or in Government Promissory Notes. If the latter, the notes to be endorsed over to the Executive Commissariat Officer, Madras, for the time being as security for the due fulfilment of his contract. The deposit made with his tender will then be returned to him.

4. The deposits of all, with the exception of that of the successful competitor, will be returned on the decision of Government being received.

5. The successful competitor will be required to sign a contract on the basis of his tender containing the usual provisions in the form used in the Commissariat Department (form whereof can be seen on application to the Commissariat Officer at Madras) and to furnish the requisite security within eight days from the date on which the acceptance of his tender is notified to him. Should the successful competitor fail to sign the contract deed or to furnish the security within the time specified, so much of his deposit will be forfeited as will reasonably compensate Government for such breach of contract, and his tender will be considered as having been rejected. It is, however, to be clearly understood that the forfeiture of the total amount (if necessary) of such deposit for such default shall in no way preclude Government from recovering from the defaulting competitor all such damages as Government may sustain by reason of such default, and that the amount of such deposit is not to be taken as the total amount of compensation payable to Government for such default.

6. The chests containing the tea should be of strong material, and the lead lining thereof sound and strong. Each chest must be bound round with iron hooping and packed in good strong gunny. No broken or damaged chests will be received. Each chest should contain 84lb of China tea, or 80lb of Indian tea, and should be marked 80 or 84lb net, as the case may be. A certain number of the chests will be opened and examined by a committee to ascertain that they contain not less than the weight represented, dependent on which examination they will be taken to contain the net weight marked thereon.

7. The quality of tea to be subjected to the approval of, or rejection by, a committee to be appointed at the request of the Commissary-General by the Officer Commanding the District, and payment will be made for such quantity only as may be approved of by the said committee.

8. Samples of tea can be had on application at the Commissariat Office at Madras.

9. The Government reserve to itself the right of rejecting any tender without assigning any reason for so doing.

10. If the contractor makes default in delivering the whole of the tea on or before the 30th April 1883, so much of the security deposited by him as will reasonably compensate Government for such breach of contract will be liable to become forfeited to Government, but, if such contractor deliver a portion of the tea to be supplied according to his contract and makes default in delivering the remainder thereof, he shall be liable to pay to Government such reasonable compensation as Government may be entitled to for such breach of contract, and

any such compensation may, at the option of Government, be deducted either from the moneys payable to such contractor for the tea delivered by him or from the security which may be deposited by him.

11. All further information may be had and the form of tenders and contract deed inspected on application at the Commissariat Office at Madras.

12. Every tender not made in the required form will be rejected.

13. No person making a tender shall be allowed to withdraw his tender for the space of ninety days from the date thereof, and, in the event of his doing so, his deposit shall be forfeited to Government.

(By order of the Commissary-General.)

THE following report was submitted by the managers:—

## REPORT.

	£

		<i>viz.</i> , 13th October 1881.

	£	
Mrs. Farquharson	300	The widow and 10 children of the late Mr. R. N. Far-
Ten children	950	quharson, who died at Dunbridge, South Devon, on the
Total	<u>1,250</u>	23rd May 1882.

3. The Managers will propose the following addition to, and amendment of, the Rules:—

After Article XXIII insert a new Article.

## ARTICLE XXIII (A).

“Should the wife of a subscriber obtain a divorce from her husband, the Managers have the power, on receipt by them of a copy (which must be furnished within six months) of the order of the Court making the divorce absolute, to declare that they will, for the purposes of these rules, consider her to be still his wife.

In no case in which the Managers may exercise the above power shall any other person subsequently married to such subscriber be entitled to receive any benefit from the Fund, so long as his former wife remains alive and unmarried, and unless the Subscriber shall survive his divorced wife.”

After Article XXIV add—

“The word widow in this Article shall, after the death of her former husband, include a lady on whose behalf the Managers have exercised the power conferred by Article XXIII (A).”

4. Mr. A. O. Hume, c.b., will propose the following modification of Article XXXVII of the Rules:—

“Provided, however, that if any subscriber shall duly pay his subscription within one month of the date on which he actually draws the pay or pension on which it is due, he shall not be liable to any penalty on account of having been unable for the period of twelve months or more, to draw the pay or pension due to him.”

5. The Managers have to report that the Hon'ble G. G. Morris, Senior Puisne Judge of the High Court, has obtained leave of absence for five months and twenty days. In accordance with Article XXII (b) of the revised rules, the Hon'ble W. F. McDonell, v.c., as Senior Puisne Judge, High Court, becomes an *ex-officio* Manager, and the Hon'ble L. R. Tottenham has been invited to join the Board of Managers in succession to Mr. McDonell.

6. The Managers have to report that Mr. Macaulay has resigned his appointment as Secretary to the Fund, and that they have appointed Mr. C. S. Bayley as his successor.

7. The Managers desire to give notice that they will at the January meeting, 1883, propose the following addition to Article III of the Rules:—

“In the case of Subscribers holding appointments of which the pay has been fixed on a basis which specially exempts the holder from the 4 per cent. Annuity Fund Deduction, the salary shall, for the purposes of this rule, be taken as if the said 4 per cent. were added to the nominal amount.”

8. The Secretary of State's despatch on the subject of the transfer of the Fund to Government, together with the Manager's reply, has been circulated for the information of the subscribers. The matter is still under consideration of Government.

Proposed by *Mr. Lyall* and seconded by *Mr. Cotton* and carried, that the proceedings of the Managers in admitting to the benefits of the Fund the families of the late Mr. H. C. Richardson, Lord Erskine, and Mr. R. N. Farquharson, and the posthumous son of the late Mr. C. F. Magrath, be confirmed.

*Mr. Westland* then proposed that the consideration of the further business mentioned in the report should be postponed until the next January meeting of the subscribers. It was, he considered, undesirable that an important change in the rules such as that contemplated by the Managers in their proposed article XXIIIA, and in the amendment of article XXIV, should be brought forward at the July meeting when a few subscribers only ordinarily attended. The rule, moreover, in its present shape would not meet the desired end, and might lead to unexpected complications.

*Mr. Wilkins* seconded the proposal on the ground that there was not sufficient information before the subscribers to enable them to judge of the necessity for the proposed alterations.

*Mr. Allen* said that the matter had been very fully considered by the Managers whose decision had been in favour of the rule in its present shape. The power to be vested in the Managers should be, as it was proposed to make it, merely discretionary, but he considered that some rule of the kind proposed was absolutely necessary to protect the interests of wives who might be debarred from the benefits of the Fund by no fault of their own. To frame a rule which should meet all possible cases and complications which might arise, was absolutely impossible, but that fact need not prevent any rule at all from being framed.

*Mr. Westland's* proposal was then put to the vote and carried.

*Mr. Wilkins* then asked whether the Managers could afford any information to the subscribers regarding the circumstances under which the proposal to amend the rules had arisen.

*Mr. Allen* replied that a case had occurred in which a subscriber had been divorced from his wife in consequence of his own misconduct, and that the Court in granting a decree, ordered that he should continue to pay such subscriptions to the Fund as would secure to the petitioner the benefits allowed by the Fund. Long previously to the divorce the lady's relations had contributed on her behalf to the Fund, and it was felt by the Managers to be a hardship that she should now lose the benefit of all subscriptions which had been paid in her behalf. In view also of the judgment of the Court which had provided that the respondent should continue to pay to the Fund on behalf of the petitioner such subscription as would entitle her to the benefits of the Fund at his decease, it was exceedingly desirable that the rules should admit of the terms of the decree being carried out. There was reason to believe that the subscriber in question had married again already, and there was nothing in the rules to prevent him from bringing his second wife on to the Fund.

In answer to an enquiry from *Mr. Cotton*, the Secretary stated that no further communication had been received from the Government of India regarding the proposal of the Secretary of State to take over the Fund.

In the absence from the meeting of *Mr. Hume* and of any subscriber authorized to bring forward the modification of article XXXVII proposed by him, the motion standing in his name was not put to the meeting.

The meeting separated with a vote of thanks to the Chairman.
